**Rules Changes Review & Recommendations**

The committee spent the remainder of the meeting reviewing and discussing draft rule changes to bring rules into compliance with the changes made by HB230. The committee made the following recommendations:

- Use the term "prevention professionals" in rules that reference all prevention certification levels together.
- Eliminate Foundations I & II and align with the IC&RC requirement to have 24 hours of AOD Prevention specific education among the six domains. Since the OCPA is non-reciprocal, the committee set those AOD hours at nine.
- Move the hours required for Foundation II to Domain 6: Professional Growth & Responsibility and revise the definition of this domain to focus on prevention science and models.
- Replace Foundation II requirements for renewal with Domain 6 and reduce the number required from 10 to 6.

- Merge the prevention related degree and human behavior related coursework and just require a degree at the appropriate level.
- Remove the LICDC/LCDC levels as authorized supervisors of prevention certificate holders.
- Keep the “O” in OCPS/OCPC.
