

ADDICTION STUDIES

INSTITUTE

Greater Columbus Convention Center
Columbus, OH • July 18-21, 2006

The Ohio State University and the Ohio Department of Alcohol and Drug Addiction Services are blending the educational research excellence of OSU with the ODADAS commitment to workforce development for the strength of Ohio's alcohol and other drug services network of care. This new partnership will coalesce in a first-ever combined July 18-21, 2006, Addiction Studies Institute.

The Institute provides the most current information in the areas of addiction and chemical dependency prevention, treatment and recovery.

Featured Speakers

Claudia Black, PhD, Renowned author and trainer; Primary Clinical Consultant of Addictive Disorders for The Meadows Institute & Treatment Center, Wickenburg, AZ; and Part-time Faculty, School of Social Work, University of Washington, Seattle, WA

Paul Gallant, MC, LPC, Clinical Outreach Coordinator, Sierra Tucson Treatment Center, Tucson, AZ

Joseph A. Pursch, MD, Consulting Psychiatrist, Sober Living By The Sea, Newport Beach, CA

Continuing Education Credit will be offered for psychiatrists/physicians, psychologists, nurses, social workers, professional counselors, chemical dependency counselors, and educators.

A complete brochure will be mailed in May to all individuals receiving this announcement. Questions? Contact Garrison & Associates at 614.273.1400 or info@garrisonandassociates.com. Updated conference information can be found on the web at www.odadas.state.oh.us under the "What's New" area.
