The committee discussed having a OSPF representative on the committee to help align language with Prevention definitions as they felt the content areas fit suicide prevention work, as they are written not specific to AOD prevention. The committee did add a couple specific examples to the definitions to denote suicide prevention and gambling prevention with Q.P.R. and Stacked Deck under P2.

b. Intersectionality ( Jill)

Jill shared some dialogue that was shared with the board regarding intersectionality. The committee discussed that this falls under our Cultural Competency requirement and having mandated hours speaks to the carve out as a value of our system and will continue.
